

Appendix to Elisabeth Tallaksen Ulseth, Anne Freuchen, Unni Mette Stamnes Köpp. Acute poisoning among children and adolescents in the Agder counties of Norway. Tidsskr Nor Legeforen 2019; 139. doi: 10.4045/tidsskr.17.1116. This appendix is a supplement to the article and has not undergone editorial processing.

Survey of patients hospitalised with intoxication at Sørlandet Hospital Trust – Kristiansand and Arendal. A collaborative project between the Children's Centre and the Department of Child and Adolescent Psychiatry (DCAP).

Data collection period: 01.08.2014 – 31.7.2015. Patient group: all individuals aged ≤18 years brought to Acute Admissions due to intoxication

Form to be placed on shelf labelled Ulseth/intox. descriptions in the paediatrics office. Forms from Arendal to be placed on shelf of the contact person for the project.
